KEY WORKSHOP RULES

1. All work must be authorised before repairs begin.	2. Additional work, parts or labour require customer approval.
3. Diagnostic and call-out charges may remain payable even where repairs are declined or cannot be completed on-site.	4. Payment is due before release of the vehicle unless otherwise agreed in writing.
5. Vehicles must be collected promptly after completion notice.	6. Storage charges of R250 per day may apply after two days.
7. Customers must remove valuables and personal belongings from vehicles.	8. Only authorised employees may enter active workshop areas.
9. No smoking, alcohol, drugs or abusive behaviour are permitted.	10. Vehicles may be test-driven where reasonably required for diagnosis or quality control.
11. Completion times are estimates and may be affected by parts availability, additional faults, supplier delays, weather, power interruptions or safety considerations.	12. AB's Auto Mobile Mechanic (Pty) Ltd is committed to honest advice, quality workmanship, safe repairs and professional customer service.

AB's Auto Mobile Mechanic (Pty) Ltd

Workshop Terms and Conditions

Vehicle repairs, test drives, call-outs and workshop terms | **AB-AMM-P001**

These terms apply to diagnostics, servicing, repairs, mobile call-outs and workshop work carried out by AB's Auto Mobile Mechanic (Pty) Ltd.

1. Quotes, estimates and authorisation

All prices given before work begins are estimates unless confirmed in writing as a final quote. If the expected cost changes after inspection or diagnosis, AB's Auto Mobile Mechanic (Pty) Ltd will contact the customer for approval before continuing.

No additional work, parts or labour will be carried out without customer approval. Approval may be given by signature, telephone, SMS, WhatsApp, email, written instruction or verbal instruction, and this approval has the same effect as signed authorisation.

2. Diagnostics and inspection

A diagnostic, inspection or call-out fee may apply and will be communicated before the work is carried out. Any mobile call-out fee will be agreed with the customer before AB's Auto Mobile Mechanic (Pty) Ltd travels to the vehicle location.

Some faults may only become visible after further testing, dismantling or repair work.

3. Customer and vehicle information

The customer must provide accurate vehicle details, including make, model, year, licence number, VIN/chassis number where required, known faults and previous repair history. AB's Auto Mobile Mechanic (Pty) Ltd is not responsible for delays or incorrect diagnosis caused by missing or incorrect information supplied by the customer.

4. Payment terms

Payment is due upon completion of the agreed work and before release of the vehicle, keys or parts, unless otherwise agreed in writing. Vehicles, keys or parts may be retained until the outstanding balance is paid in full.

Any parts ordered specially for a customer may require a deposit before work begins.

5. Collection and storage

Customers must collect their vehicle within the agreed time after being notified that the work is complete. Storage is charged at R250 per day if a vehicle is not collected within 2 days after completion notice, unless another collection arrangement is agreed in writing.

Vehicles left for an extended period without communication may be dealt with in accordance with applicable South African law after reasonable attempts have been made to contact the owner.

6. Replaced parts

Where practical, replaced parts removed from the vehicle may be returned to the customer on request, unless the customer waives this right, the part is subject to a warranty/core exchange claim, insurance requirement, or safe/environmental disposal is required.

7. Warranty on workmanship and parts

Workmanship and supplied parts are covered in line with applicable South African consumer protection laws. New or reconditioned parts may carry supplier or manufacturer warranties. Warranty claims are subject to inspection and confirmation of the fault.

Warranty does not apply where failure is caused by misuse, neglect, overheating, lack of maintenance, accident damage, unauthorised modifications, racing, incorrect fluids, customer-supplied parts, or work carried out by another person after the repair.

8. Customer-supplied parts

Where a customer supplies their own parts, AB's Auto Mobile Mechanic (Pty) Ltd may fit them at the customer's request, but cannot guarantee the quality, suitability or lifespan of those parts. Workmanship on fitting may be assessed separately, but faults caused by defective or incorrect customer-supplied parts are not covered.

WORKSHOP TERMS AND CONDITIONS - CONTINUED

9. Mobile call-outs

Mobile mechanic services are subject to availability, travel distance, weather, safety, parts availability and access to a suitable working area. The call-out fee will be agreed with the customer before travelling to the vehicle location.

The call-out fee may still be payable where the mechanic travels to the agreed location, even if the vehicle cannot be repaired on-site due to safety, access, missing parts, incorrect information, or faults requiring workshop equipment.

If a vehicle cannot be repaired safely or properly on-site, it may need to be moved to the workshop or another suitable repair location.

10. Test drives

The customer authorises AB's Auto Mobile Mechanic (Pty) Ltd, its mechanic or authorised driver to test drive the vehicle where reasonably required for diagnosis, repair verification, road-safety checks or quality control.

Test drives will be carried out with reasonable care and only for work-related purposes. The business is not responsible for pre-existing faults, intermittent faults, wear-and-tear failures, or issues that arise during a test drive because of the vehicle's existing condition.

11. Photos and service records

The customer authorises AB's Auto Mobile Mechanic (Pty) Ltd to photograph the vehicle, damaged components, replaced parts and completed repairs for quality control, insurance, warranty, quotations and service records.

12. Delays and completion dates

Estimated completion dates are estimates only. AB's Auto Mobile Mechanic (Pty) Ltd is not responsible for delays caused by supplier delays, courier delays, weather, power failures, parts availability, additional faults discovered, or circumstances outside the workshop's reasonable control.

13. Safety and lawful repairs

AB's Auto Mobile Mechanic (Pty) Ltd reserves the right to refuse or stop repairs where the work, requested instruction, vehicle condition or repair method would be unsafe, unlawful or unsuitable for responsible road use.

14. Limitation of liability

AB's Auto Mobile Mechanic (Pty) Ltd will take reasonable care when working on a customer's vehicle. The business is not responsible for pre-existing faults, hidden damage, wear-and-tear issues, unrelated failures, or faults that occur after repair due to misuse, lack of maintenance or third-party work.

Nothing in these Terms and Conditions excludes or limits any right or liability that may not lawfully be excluded under South African law.

15. Disputes and acceptance

AB's Auto Mobile Mechanic (Pty) Ltd aims to resolve concerns fairly and directly. If a matter cannot be resolved, customers may approach the Motor Industry Ombudsman of South Africa where applicable.

By booking a service, approving a quote, leaving a vehicle for repair, accepting mobile call-out assistance, authorising a test drive, or authorising work by phone, WhatsApp, email or in person, the customer accepts these Terms and Conditions.

These Terms and Conditions support clear communication between AB's Auto Mobile Mechanic (Pty) Ltd and its customers and do not remove any right or responsibility applying under South African law.
